Michael Seckler, General Manager of Ferring Canada, is pleased to announce the appointment of Adele Zita to the position of Director, Human Resources.

Adele joins Ferring with over 20 years of experience in human resources in roles of increasing responsibility. She has acquired valuable knowledge from different industries, including logistics and media, and has furthered these skills over the past 15 years in the pharmaceutical industry.

Adele began her career in the pharmaceutical industry as Manager, Human Resources, at Nycomed Canada Inc. (formerly BYK and ALTANA Pharma), where she gained extensive experience. During her tenure at Nycomed, Adele was the recipient of the Nycomed President's Award for her outstanding and consistent contribution to the growth and success of the organization. Adele was promoted to Vice-President, Human Resources, in 2009 to lead the human resources function.

In 2012, Adele took on new challenges when she was appointed Vice-President, Human Resources, for Takeda Canada

Inc. Adele was involved in many different aspects of the organization and drove several key initiatives with success, including taking the lead on the successful integration of Nycomed and Takeda as well as the introduction of the new business model in Canada.

Adele was a strategic business partner to the leadership team and employees for all HR operations and services, such as employee relations, recruitment, compensation and benefits, talent reviews, succession planning, change management, and organizational design, driving a values-based, performance-driven culture.

Adele graduated from Royal Roads University in Victoria, British Columbia, with an MBA specializing in human resources. Additionally, she holds her CHRL and CCP, professional HR designations.

"I am very pleased that Adele will join Ferring, bringing her strong track record in human resources. Ferring strives for the highest quality, and I sincerely believe that Adele will be a great addition to Ferring Canada," says Mr. Seckler.
